

Maths

This term we will be learning about how to approach calculations using multiple operations. We will learn about BIDMAS to help us choose the correct order of operations when answering. We will also learn about algebra. We will learn that numbers can be substituted for letters and that these letters have a value. We will solve problems with unknown values and use all four operations.

Throughout the term we will revise our arithmetic skills including practising long multiplication and calculating with fractions.

HOMEWORK: Every Friday, you will receive a maths worksheet in your homework books which is linked to the learning we have done that week. Also log on to Professor Assessor for time tables revision.

Owl Class The Victorians Term 5

English

Class text- Street Child

Non-Fiction-

A diary entry from the perspective of a child working in a Victorian workhouse.

Fiction-

A setting description about Victorian London followed by a piece of dialogue writing between two characters.

Throughout the term we will be recapping and using our grammar skills including semi-colons, colons, a range of clauses and hyphens.

HOMEWORK: Reading regularly and completing your reading challenges.

Spellings- Please complete your weekly Super Scoders task and bring your home learning books to school on a **Thursday**

PSHE - Relationships

We will be thinking about the very important topic of looking after our mental health.

We will explore how we need to keep ourselves safe online to protect our mental health and what strategies we can use to do this.

Our weekly lessons will start with our 'Calm Me' time to help us relax and focus.

History:

To begin, we will look at the Victorian era across the years including significant events and the life of Queen Victoria. We will then look more closely at the lives of Victorian children. We will explore the similarities and differences for children from rich and poor backgrounds including playing, education and employment.

We will also research people who had an impact on children's lives during this time including Dr Barnardo. At the end of the term, we will then visit Milestones museum to consolidate our learning.

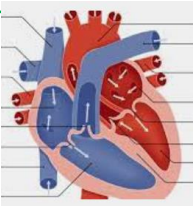

Music: Musical Styles Connect Us

PE- Self-defence and Tennis

PE is on Wednesday and Friday afternoons.

Science- Healthy Bodies

We are going to be learning about the circulatory system and how looking after our hearts can help our bodies. We will explore the effect of exercise, diet and drugs and how it impacts our bodies.

Spanish - What can you tell me about a Spanish speaking country?

We will learn about Mexico and Spain. We will spot similarities and differences and write a fact file in Spanish.

Art - L.S Lowry

We will learn about Lowry and look at some of his most famous paintings. We will then use Lowry's style and colour palette to recreate our own landscape paintings.

RE: Islam -What does the Qur'an reveal about Allah and his guidance?

We will learn about the importance of the Qur'an, the teachings from it and how Muslims live their lives because of this.
