

## Maths

We will carry on revising our previous mathematical knowledge using our Wizard Warm Ups. We will practise calculating with fractions, BIDMAS, using our known facts, calculating with percentages, long multiplication and long division. We will also learn about measurement conversions and apply this knowledge to word problems. We will also explore line graphs and pie charts.

**HOMEWORK:** Every Friday, you will receive a maths worksheet in your homework books which is linked to the learning we have done that week. Also log on to Professor Assessor for time tables revision.

Big Idea:  
Aspirational

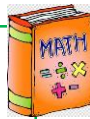

### Relationships/Changing Me

Children will be taught in their year groups for PSHE and will learn about themselves in terms of their own bodies. Both year groups will cover self-image, puberty and conception, with year 6 also discussing boyfriends and girlfriends.

Our weekly lessons will start with our 'Calm Me' time to help us relax and focus.

### PE-Athletics and Rounders

PE is on Tuesday and Wednesday afternoons.

## Owl Class Volcanoes Term 6

### Geography - How do volcanoes affect the life of people?

We will explore the advantages and disadvantages of people living near volcanoes. We will look at key settlements in the shadow of famous volcanoes around the world. We will locate these volcanoes and understand the different types of volcano there are.

### Christian Value: Thankfulness

RE- Islam: How does tawhid create a sense of belonging to the Muslim community?

We will complete our learning about Tawhid and Islam. We will then spend some time learning more about Humanism.

## English

Non-Fiction- Explanation text: we will explore the features of this type of writing, look at lots of examples and then have a go at writing our own. We will write about how volcanoes erupt.

Non-chronological report - we will write a fact file using our learning about the Titanic from last term.

Fiction- we will use the video clip 'Alma' to write a narrative. We will also use the '3 Little Pigs' to write a character description of the wolf and a subsequent police report.

### HOMEWORK:

Spellings- Please complete your weekly Super Scoders task and bring your home learning folder to school on a **Thursday**

### Science- Electricity

We will learn about voltage and how more volts in a circuit means a component will be brighter or louder. We will also explore the range of symbols used to represent battery cells, motors, bulbs and wires in a circuit drawing.

Music - we will be getting ready for our school performance of 'What a Knight!'
